

## Patient Referral to Dr Fran Kendall NPI# 1881658300

**Patient:** \_\_\_\_\_

**DOB:** \_\_\_\_\_

*The referring physician below requests a consult for the patient named above to be evaluated for a possible Mitochondrial, Metabolic or Inherited Disorder  
ICD9: 277.87, 277.8, 277.90, 277.9, or v77.7*

*Please note that many insurance companies **incorrectly** group Dr Kendall with Neurologists or Medical Genetics, which she is not and is woefully incorrect. Dr Kendall is a super sub-specialist, Harvard trained, and a board certified Biochemical Geneticist with a long standing expertise & specialty in Metabolic, Mitochondrial, and Inherited Disorders. She sits on the Medical Advisory Board of a national foundation MitoAction.org, has written chapters for medical texts, is a requested presenter on these disorders at medical conferences around the country, has authored numerous research articles, and is a guest lecturer at medical schools.*
