

NPTR VIDEO CATALOG ENTRY

Disease	Wilson disease. Metal disorder.
Title	Emilee Williams - Fighting Wilson's Disease.
Link	https://www.youtube.com/watch?v=NLWuegkn17c
Key words	Wilson disease. Metal disorder. Patient/family experience. General disease overview. Symptoms. Diagnosis. Biochemistry. Pathophysiology.
Description	This video provides a good overview of a young adult living with the neurologic complications of her Wilson disease. She and her doctor describe the symptoms; the text associated with the video is also informative. Her neurologic findings are evident to the viewer. Emilee's spirit and drive to live well despite her medical challenges is inspiring.
Length (min:sec)	3:02
Speaker Background	Patient. Treating physician. Sister. Massage/rehabilitative therapist.
Objectives	<ol style="list-style-type: none"> 1. List the symptoms that characterize Wilson disease. 2. Describe the biochemical pathophysiology of the disease. 3. Discuss the range of challenges that come with living with a condition like Wilson disease.
Educational utility	Provides a short personal narrative about living with the disease but should be accompanied by medical teaching to increase understanding about the disorder.
Technical features	Great audio and video quality.
Relevant/ Target Audience	Health professionals and specialists. Trainees and students in the health professions. Other stakeholders who have an interest in the inborn errors.
Promotional aspects	This video does not promote a commercial product, treatment, and/or medical device.
Source	Miles Boyer.
